METHODOLOGY & PURITY

Comparable sales are limited to VERIFIED, arm's-length, non-distressed, non-estimated recorded sales of the same property type within the subject's state. Nominal / quitclaim / intra-family transfers, foreclosure & other distressed deeds, estimated prices, and multi-parcel deeds are excluded; 0 presumptive non-market low outlier(s) were excluded by the pool-relative floor. No qualitative (condition, location, or time) adjustments are applied - each comp's indicated value is a pure size-normalization (price per square foot) applied to the subject. The concluded value is the median of the qualified comp set's rate (an AVM, not a certified appraisal).
